

ELITE ID CAMP FAQs

WHAT EVERY CAMPER SHOULD KNOW

Do you provide evaluations? Yes, evaluations will be provided on the last day of camp at closing ceremonies for all campers. These evaluations will be an honest assessment from the UCSB coaching staff based on your potential to compete at the inter-collegiate level.

Does the Elite ID Camp provide recruiting information? There will be a panel discussion led by the college coaches in attendance to discuss the recruiting process to all campers. Further, through the evaluation process, the coaches will accurately assess your ability, and how it might translate to success at the college level. In addition, coaches use the Elite ID Camp as a recruiting tool, and many past participants are currently competing at the collegiate level. Each college coach will be provided with a profile book of all campers bio's in attendance.

What forms of payment do you accept for registration? We are only accepting major credit card payments online. In the event that you cannot register online or provide a credit card for payment, please contact us to make other arrangements.

Rooms will be assigned randomly unless you request differently online before December 1, 2016. Roommate requests are not guaranteed, but we will do our best to make it happen.
